Rainbow Mountain was discovered 4 years ago when the snow covering it melted, revealing the natural beauty of the rock beneath. And what a geological wonder it is! Waking up at 3am, trekking over 2 hours at 5,200m high and nearly being swept away by the wind at the peak was completely worth it!
One word... stunning!

Prayer Walking

Following on from our 24-7 prayer room, a pastor of a church in Cusco asked if we could support him in inspiring his church to pray more. We arranged a prayer walk to focus on inviting God's kingdom to come in and around the streets of their church. Although the church had never done anything like this before the leaders and several members of their congregation greeted us with great excitement. Using the 24-& Prayer Walking guide (which, very handily, has been translated into Spanish!) we explained a little bit about the format, split into small groups and headed off.

God spoke powerfully to the groups and individuals as they walked their local streets...

- * One group felt called to step into a cafe on the corner of one of the streets & offered prayer to the owner. They felt stirred to start meeting for a coffee here & to continue praying over this area.
- * God guided a group they to a bustling park with lots of young people. He spoke to them about starting some outreach youth work here.
- * Another group walked past a prison for young people. They were moved to think of ways to reach these young people, to share God's love and bring them hope.

After having a time of prayer together back in the church, sharing all that God had spoken to them about, we left with our spirits lifted high and with such thankful hearts, God had used us in a beautiful way. It was beautiful to see how each person responded to praying in a creative way that was totally new to them. Seeing their excited reactions as they began to hear from God as they walked and talked was inspiring and beautiful.

As a result of this prayer walk, we have been asked to support & guide the church with their first 24-7 Prayer week this coming Sunday (17th July)

Prayer on the Mountain

A couple of weeks ago we had a moving time on the prayer mountain with Pastor John Carlos from Mexico who wanted to pray for the pastors of our local church, Corason. After meeting us he felt God speak to him and asked if he could also pray for us as a family and for our ministry with 24-7 Prayer. We had a beautiful time of intercession. Prophetic words and visions were spoken over the city and people of Cusco, over Iglesia Corason and us as a family on mission. This Mexican pastor is in Cusco for 2 months leading training and seminars for leaders but he felt that this strategic and prophetic prayer time was the most important reason he was here.

Brian & Tracy

We couldn't send this newsletter without mentioning the most amazing 2 weeks we have just had with this wonderful couple. Brian and Tracy went above and beyond to bless, encourage, support and equip us for life on mission in a country far from home. We had so much fun together exploring ruins, playing games, climbing mountains and seeking God's presence and guidance here in Cusco. We feel fully recharged and excited to see what God more has in store for 24-7 Prayer Peru.

PRAYER REQUESTS

For people to encounter the presence of God during the prayer week at Gracia Plena church. (17- 23rd July)

For Faith at her gymnastics competition in Lima (22nd July)

For continued guidance & wisdom on how best to serve God and the people of Cusco
