Grace and peace to you all in Jesus Christ, our Lord and Savior! It is with great pleasure that I am sharing with you the joys of being God's instrument in showing His love and care through our holistic ministries at Lake Region, Tanzania. Our Approach in ministry is integrated and holistic:

- ◆ Church Construction
- ◆ and Food production

To be more precise, this Newsletter will cover some of the above mentioned areas of ministry. In our future editions we will be able to bring more details in each area separately. If you need more information of the areas underlined above do not hesitate to email me at fmatsimbe68@gmail.com or fmatsimbe@umcmmission.org

Education

We run an English Medium School called "United Methodist Schools", Presently we have 70 childrens, from baby class up to class one, 90% are orphans or coming from families of a very low income. They all live at our orphanage home "Alison's House of Hope". We are looking for a sponsorship of \$30 US Dollar per child monthly. Consider generously your contribution and we thank you in advance!

Each door costs \$175 and a window \$200. Your generous contribution towards this will be highly appreciated.

Once completed the School will offer the following Courses: Carpentry, Sawing, Welding, Compouter Sciences, Electricity and house construction. We have estimated in \$15,000 the whole project.
